Internal mapping table: [C2] = N1

Update Internal Mapping Tables

Update Internal Storage Table

TODO

- **G** Integrate communication logic between LB and Clients | Test end-to-end (Client <--> LB)
- G Review Django draft | Pull Request
 - Load Balancer UDP listener
- S Django Client/Master front-end: Content list (directory or text)
- M Split Client/node code

Node Peer2Peer:

Internal Data Structures (Mapping/Storage Table - HashMaps)

- 1 Listening Port
- 1 Bind Function
